Alu-Lite® Lightweight Folding Tables

Whether you need folding tables for meetings or banqueting or you need the flexibility to handle both in your venue, the Alu-Lite table is the perfect solution. Alu-Lite folding tables are lightweight and strong, stable and easy to use.

Alu-Lite Table with Standard Leg
and natural frame

Alu-Lite Table with T-Leg
and black frame

Alu-Lite® Lightweight Folding Tables

Flush fit corners are standard on all rectangular Alu-Lite folding tables. The new nylon corners adds strength and improves corner impact resistance. Tables incorporate a stacking buffer that allow tables to be stacked and stored with ease.

Alu-Lite tables are manufactured from aluminium (97%) and laminate resin (3%). All of the aluminium can be recovered and recycled.

Alu-Lite folding tables have folding legs with a patented self locking mechanism and push bar release. Magnets hold the frame securely closed when the tables have been folded.

Alu-Lite tables are suitable for indoor and outdoor use.

Nest Rite Nesting Tables

Nesting tables, which can serve multiple purposes, are increasingly recognised as essential furniture pieces in hotel settings.

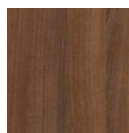

They act as self service surfaces for drinks, snacks, or food service, enhancing both the aesthetic appeal and practicality of function rooms and common areas.

Features:

- Nests for storage
- Castors for easy mobility (also available without castors)
- Recyclable aluminium frame
- Easy care laminate top
